Experience Implementation, Almost Done Before You Begin

At Renaissance, we believe implementation should be **efficient, seamless, and error-free**—and we've established a trailblazing process to deliver exactly that.

With **one system from quote to claim, 70% of your group's implementation is already completed at the quoting stage** using the information provided by the broker. By the time you're ready to move forward, we're nearly there—with only a few final steps to complete.

A Faster, Simpler, More Accurate Way to Implement Benefits

HOW WE DO IT

1. Single System from Quote to Claim

- » No handoffs. No redundant data entry.
- » Everything flows seamlessly from the initial quote to claims processing.

2. Proprietary RenConnectSM Integration Tool

- » RenConnectSM translates data directly into our system, drastically reducing setup time and eliminating errors.
- » No repetitive back-and-forth — we work with the data you provide.

3. What's Left to Complete?

- » Signing the application and agent appointment
- » Eligibility file setup
- » Certificate generation
- » ID card processing

That's it. We've already handled the rest.

WHY IT MATTERS

Speed & Simplicity

- » Faster go-live—most of the work is done before implementation even begins.
- » Smooth, streamlined onboarding for clients and members.

Accuracy & Consistency

- » Less room for errors with one system managing everything from quote to claim.
- » Data flows cleanly—no disconnect between quoting and administration.

Broker-Friendly Experience

- » Minimal follow-ups and rework.
- » Saves brokers and clients time, effort, and frustration.

Superior Member Experience

- » Faster eligibility set-up.
- » Quick access to care and benefits.
- » Seamless claims experience.

All backed by user-friendly online portals and a service support model that elevates the customer focus to create seamless, no-noise ancillary benefits experiences.

BOTTOM LINE

When others are just getting started, we're 70% done—from quote to claim.

Let's make implementation easier—for everyone, so you can reach your goals sooner.
